

## The story of Penelope and Doris

Once upon a time there were some girls called Penelope and Doris.

They were asked to visit king Minos and asked to build a maze for the Minotaur. Then they got locked in the tower because they didn't make a maze that was difficult enough.

One shining day Penelope looked out of the window and had a great idea. She said to Doris, "If we can create wings we can fly away from here but don't fly too close to the sun." So they created wings and Doris was scared because she thought that she was going to die.

Penelope jumped out of the window and then she flew. Then Doris jumped out of the window and she flew. They flew across the sea and Doris felt so alive. Then Doris flew too high and she went too close to the sun. The sun melted the wax and Doris fell to the

sea. with the wings coming of. The end. By Isabel
