Summer Planting

On Wednesday last week the whole school took part in planting flowers to make the school look beautiful. The Year 6 pupils were taught / reminded how to plant flowers correctly; they then shared this knowledge with all the younger pupils whilst casting a watchful eye as all the pupils filled plant pots with pebbles for drainage, compost and then finally planting the flowers. While this was going on the year 6 and indeed the year 3 to 5's were imparting their newly acquired knowledge on the names of the parts of flowers and their functions to their younger schoolmates. A super afternoon was experienced by all and it was lovely, as always, to see how Year 6 pupils worked with and supported our younger learners.

School Photographer
