

Melsonby Methodist Primary School – Catch-up Premium Strategy 2020 - 2021

Updated 30.11.20

Funding allocation (Mainstream Schools)

Schools' allocations will be calculated on a per pupil basis, providing each mainstream school with a total of £80 for each pupil in years reception through to 11.

Payments

This funding will be provided in 3 tranches. We will provide schools with an initial part payment in autumn 2020, based on the latest available data on pupils. We will then distribute a second grant payment in early 2021, based on updated pupil and place data. For mainstream schools, we will use the 4 to 15 pupil headcount from the October 2020 census.

*The second grant payment will also take account of the initial part payment made in autumn 2020 so that schools will receive a total of **£46.67** per pupil. A further £33.33 per pupil will be paid during the summer term 2021.*

Though funding has been calculated on a per pupil basis, schools should use the sum available to them as a single total from which to prioritise support for pupils according to their need.

As the catch-up premium has been designed to mitigate the effects of the unique disruption caused by coronavirus (COVID-19), the grant will only be available for the 2020 to 2021 academic year. It will not be added to schools' baselines in calculating future years' funding allocations.

Use of funds

Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the guidance on [curriculum expectations for the next academic year](#). (See also [EEF - School Planning Guide 2020-21](#)) Schools have the flexibility to spend their funding in the best way for their cohort and circumstances.

Accountability and monitoring

As with all government funding, school leaders must be able to account for how this money is being used to achieve our central goal of schools getting back on track and teaching a normal curriculum as quickly as possible.

Given their role in ensuring schools spend funding appropriately and in holding schools to account for educational performance, governors and trustees should scrutinise schools' approaches to catch-up from September, including their plans for and use of catch-up funding. This should include consideration of whether schools are spending this funding in line with their catch-up priorities, and ensuring appropriate transparency for parents. (DfE guidance - Coronavirus (COVID-19) catch-up premium - updated 24/08/2020)

School Overview

Number of pupils in school YR – Y6	28
Proportion of disadvantaged	3
Catch-up Premium allocation (No. of pupils x £80)	£2,240
Publish Date	30/11/20
Review Dates	March 2021 Spring Term.
Statement created by	H Simpson R Linsley HT
Governor Lead	S Priestley Chair of Govs

Context of the school and rationale for the strategy (With specific reference to the impact of COVID 19)

- - Our proportion of disadvantaged pupils across the school is extremely low compared to both a local and national picture.
 - All of our children from Reception to Year 6 engaged with the detailed remote learning that the school provided. 85% of pupils returned to school in the summer term.
 - Upon re-opening on September 8th 2020 we had a very good response to children coming back to school. Attendance was high across all year groups upon return. Overall attendance for the Autumn Term was 98 %. This was higher than last year at 97 %.
 - Due to no parental demand our school was fully closed over the summer holiday period which meant that no school based or remote learning took place over the summer break. From a school management point of view this was crucial in terms of teacher workload and their mental health and emotional well-being. This allowed for teachers to come back to what will be a very stressful and tiring term in Autumn 2020 with renewed energy and professional focus.

- As a staff we have discussed the need for the use of consistent beginning of year baselines within Reading, Writing and Mathematics. The staff have jointly agreed which baselines they are going to use so that we have standardisation and consistency across all year groups and cohorts. We have agreed that these baselines will be carried out by the end of October 2020. At this point we will discuss as a staff what the baseline results are telling us in terms of which children across year groups have regressed in terms of their learning and then SLT will look at how best to provide support and interventions across Reading, Writing and Mathematics in order to help identify children to catch up in their areas of identified need. Catch up Premium will be targeted to provide this support and intervention using the following funding amount: £2,240

Barriers to future attainment

		Barrier	Desired outcome
Teaching priorities	A	Staff need to develop a greater understanding of children's mental health needs in order to be able to help and support children who may have been affected adversely by closures and Covid 19.	Staff are better informed and have greater clarity about how to support children with mental health needs. This needs to be a focus of daily/ weekly teaching in the autumn term 2020. <ul style="list-style-type: none"> <i>Compass buzz training</i>
	B	Home learning is quite limited due to the current platforms used and can be developed further during this academic year to improve access to learning at home for all pupils.	A strong remote learning offer to be in place. Continue to use Seesaw successfully in Foundation Stage to Y4. A new and improved platform is in place and all staff are trained in its use (School based Teams training planned and being delivered during Spring term 2020. Activities are uploaded and feedback to pupils given as and when appropriate.
	C	To focus upon strategies and support which develop greater resilience and self confidence in our children. (PSHE Topic)	To have an overall increase in children's resilience and self-confidence by the end of summer term 2021.
	D	To use October baseline assessments to ascertain exactly where all children are in relation to their age- related learning in Reading, Writing and Mathematics.	Pupils make accelerated progress in key areas from their starting points at the beginning of the autumn term 2020.

Targeted academic support	E	Some pupils may have had limited access to reading materials during the summer term and therefore, their reading ages may be lower than expected at the beginning of Autumn 2020.	Reading skills are much improved and accelerated progress in reading ages to be demonstrated on a term by term basis from Autumn 2020 to Summer 2021. Invested in new reading scheme
	F		
Wider Strategies	G	Some pupils may struggle to settle back into school and class routines and may have a limited concentration due to COVID 19 and lack of structured learning experiences since school closures in March 2020.	All pupils are able to focus on their learning during lessons and concentration levels show a marked improvement over 2020/2021.
	H	Parents have limited access to school and to teachers due to staggered starts and pick up times.	Good liaison between parents and staff through online and telephone communication for parents evening.
	I

Wider strategies i.e. Behaviour approaches, mental health and social/ emotional support..

Barrier	Action	Desired outcome	Evidence source	Cost	Baseline data	Person responsible	Impact/ evaluation (autumn, spring, summer)
G	<p>To embed our tried and tested behavioural approaches with our children across all year groups in Autumn 2020 and beyond.</p> <p>To ensure that all children understand expectations and relationships between adults and children across school.</p> <p>To encourage all staff to access emotional wellbeing / behaviour training as it becomes available during 2020/2021</p>	To maintain the high / positive levels of behaviour that we expect from our children	Much work was done by class teachers during the March2020-July2020 Covid 19 school closure in order to maintain the family ethos and approach that we strive for as a school - children still have that good relationship with staff in school and this should provide a really positive starting point for behaviour management during 2020/2021.	<p>None Initially.</p> <p>Training and CPD costs to be determined as and when required.</p>	Class based ongoing teacher assessments of children's emotional and behavioural needs during Autumn 2020 and beyond.	<p>HT to overview process.</p> <p>Staff to attend CPD as and when they feel they require it.</p>	Autumn 2020

	Staff to continue to develop the role within school of counsellor for any children who may be feeling vulnerable or have and worries or emotional issues which need support and intervention.	Children to feel that they have a supportive and approachable point of contact if they are feeling any mental anxiety or are in need of emotional support.	Evidence to be ongoing by observing our children in and around school.		September baseline observations to be discussed with teaching staff in early staff meeting in September to see if any children have been identified as possible requiring personal and emotional after such a long school absence	HT to coordinate across school and organise training if/when required during 2020/2021.	Autumn 2020.
H	Develop use of communication methods to liaise regularly with parents.	Parents to feel that they have a supportive and approachable point of contact if they are feeling any mental anxiety or are in need of emotional support and also as a means to find out about their child's progress in school.	Seesaw, TEAMS, Target Tracker,			HT to co-ordinate	Autumn 2020.

Additional funding supporting provision

At this moment in time we have undertaken baselines to ascertain the catch up needs of individual children or identified groups. We are waiting for further evidence from December Assessments before deciding what funding we may need to draw on in order to support identified children, groups or cohorts.

Governance – monitoring the effectiveness of the Pupil Catch-Up Premium Strategy

Governors involved:
